TITLE: TOOL HOLDER ARRANGEMENT

AMENDMENT "B"

Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

AMENDMENT B: CLAIM AMENDMENTS

1. (Currently amended) A tool holder arrangement comprising:

a tool holder to be mounted on a support and allowing removable attachment thereto
of any one of a plurality of tools;

a sensor arrangement operable to sense at least one feature present on a one of said
tools when attached to the tool holder, wherein a said feature or features are unique to a the specific
one of said tools; and

a processor operable to identify uniquely, from the sensed feature or features, a type
of the tool attached to the tool holder,

wherein the tool holder and the sensor arrangement are such that a tool of the plurality of
tools is electrically isolated from the support when the tool is attached to the tool holder; and

wherein the sensor arrangement includes a plurality of rods, each having a longitudinal axis
and being axially movable relative the support and the tool holder, extending to a face of the tool
